

REMARKS

Claims 1 to 21 were presented in the parent application at the time of filling of the parent application. In the parent application, the Examiner issued a restriction to four groups of claims: Group 1, Claims 1 to 17; Group 2, Claims 18 and 19; Group 3, Claim 20; and Group 4, Claim 21.

Group 1 claims were prosecuted and allowed in the parent application. This divisional application is directed to Group 4, Claim 21. Thus, Claims 1 to 20 are canceled.

Claim 21 was amended to more clearly identify the targets. Claims 22 to 32 are new, and are supported at least by the drawings in the application.

Applicant wishes to inform the Examiner that Applicant has also filed divisional applications for the Group 2 and Group 3 inventions. In the accompanying IDS, only the preliminary amendments for these applications are included because the specifications for these applications are the same as in the instant application.

Claims 21 and 22 to 32 remain in the application. Claim 21 has been amended. Claims 22 to 32 are new. Claims 1 to 20 were canceled. Applicant respectfully requests allowance of all pending claims. If the Examiner has any questions relating to the above, the Examiner is respectfully requested to telephone the undersigned Attorney for Applicant.

Respectfully submitted,
